Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, drug stores, price 50c and \$1; guaranteed. Trial bottle free.

See a pin and pick it up all the day have good luck; see a pin and let it lay bad luck you will have all day. Read our ads and pass them by, sign you've got a hoodoo eye. Read our ads and lend an ear, good luck you'll have all the year.—Somerset Journal.

A Des Moines banker misappropriated \$5,000 to pay the expenses of his dying son. A Milwaukee banker gambled \$1,500,000 to speculate. The demands of speculation are more insatiable than those of death.—Louisville Times.

Tellit—Does your wife speak more than one language?
Nagrit—No; but say, she knows that one like a book.

KIDD'S STORE.

Mrs. John B. Riffe is recovering from a severe and protracted case of erysipelas, which affliction has been epidemic this spring.

The slopes on every side are dotted with tobacco beds and the acreage of that crop will be the greatest ever grown here.

Whilst weeds are rapidly getting ascendancy on gardens and cornfields, the meadows and oats crops are luxuriating beyond average.

Four patients have been consigned by Casey county to Lakeland asylum within a month. Religious frenzy was the predominant cause assigned by our informant.

But little fruit survived April freezes in this locality, yet an occasional tree promises a good crop. The strawberry plants were not quite exterminated and a limited supply will be enjoyed by a few families.

Three successive nights dogs raided sheep flocks of adjoining farms, killing a dozen ewes and lambs. Crit and John Riffe took the trail, promptly condemned and shot three suspects, subsequent immunity confirming their efficiency as detectives and executioners.

Levi Kelly, our town's most efficient and accommodating blacksmith, has determined to remove to a more congenial locality, much to the regret of many patrons who appreciate a liberal and conscientious workman. He is a heartily commended where not known and the community he selects is congratulated.

Simon Wesley, Casey's accomplished and accommodating county clerk, passed through here on his way to Louisville. Simon has determined to emigrate to New Mexico at the expiration of his term for the benefit of ranch life and mountain air as the best prescription for the enervation of eight years' office confinement.

Some beneficiaries (?) of our star route delivery of mail are annoyed by occasionally finding boxes off posts in ditches and by an occasional drive of a mile or so to obtain matter which finds its way into another's box. Something of indifference, if not resentment, appears a prompting in some quarter, which Uncle Sam was asked to investigate. Mail has been found on the pike, lost by the carrier or carelessly dropped.

The late rumor of a mad-dog in the community appears better founded than ordinarily, as Mr. Smith Powell's horse, Mayor Mason Popplewell's cow and Capt. Levi Turpin's dog have successively died of hydrophobia. Experts diagnosed the malady and the refusal of scavengers to consume carcasses is pronounced confirmatory of the disease.

The April-like thunder storms and almost daily showers have suspended corn planting and but very few farmers have finished. An extremely heavy down-pour washed the plowed fields badly and many would be better off furrowing out and replanting.

Bobbitt Says Grace.

MT. VERNON, MAY 24.—The 20th of May, 1905, was the day that the brilliant law student of Fontaine Fox Bobbitt, P. F. Kennedy, attained his majority. A bountiful repast was spread at the Kennedy home. The chicken pie was smoking in the center of the table like a volcano in a state of eruption. The seats at the table were all occupied by hungry, eager guests, of which Kennedy's law preceptor was one, and being called upon for grace said: "Lord we thank Thee for the bountiful spread before us on the natal day of the youngest member of the family, and that the good old father and mother have lived to see this anniversary. May the young man so demean himself as to cheer and brighten life's declining sun, and may every moral and social virtue adorn our lives while sojourning here below and at last may we all find a secure anchorage on the Celestial shore, is the prayer of him who has the honor to be a guest of this happy family."

F. F. BOBBITT.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Lyne Bros., Crab Orchard Ky.

Sam Jett and Mose Feltner have filed sensational affidavits with Judge Riddell, of the Breathitt Circuit Court, asking for military protection when they go to Jackson to answer to the call of the indictments against them. Both men state that they will be killed unless furnished a guard, and both have filed petitions for change of venue.

PREACHERSVILLE.

Lightning struck a tree near D. F. Thompson's barn and did not injure a flock of turkeys which were roosting in it. This is another proof that feathers are non-conductors.

The home of Uncle George Anderson, our colored mail carrier, burned Tuesday. Most of the household effects were destroyed and the loss will fall heavily on this worthy darky and his wife, both of whom are getting along in years.

About midnight last Saturday the Hutchinson pond was dynamited, four shots being fired. Terrific Face With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and to-day I am cured of all my troubles." Guaranteed at G. L. Penny, Stanford, and Lyne Bros., Crab Orchard, drug stores; price 50c.

A certain office-boy was wont to appear at his employer's office with a very dirty face. One morning he appeared with the remains of a breakfast round his mouth. The junior clerk, with an eye to business, said:

"I bet you sixpence I can tell you what you had for breakfast this morning."

"Done!" said the office boy.

"It was eggs," triumphantly replied the clerk.

"Wrong," said the boy; "wot you see on my mouth is yesterday's."
